PROFILE

- Enthusiastic third-year student pursuing a Bachelor's degree in AI and Data Science, with hands-on experience in machine learning algorithms, Python development, and a passion for leveraging technology to improve lives.
- Natural leader with a knack for project management, effective communication, and a collaborative approach to learning and creative thinking.

SKILLS

- **Technical Skills:**
  - → **Programming:** Python, C, C++, HTML, CSS, JavaScript, SQL, JAVA
  - → **Tools:** Jupyter Notebook, Power BI, PyCharm, VSCode, Google Colab, Flask, JDBC
  - → **Industry Skills:** Machine Learning, Web Development, Deep Learning, Data Handling and Analysis, Database Connectivity
- **Soft Skills:**
  - → **CURIOUS LEARNER** → **LEADERSHIP QUALITY**
  - → **ATTENTION TO DETAIL** → **GOOD INTERPERSONAL SKILLS**

PROJECTS

- **DIGITAL BILLING SYSTEM (using JAVA/SQL/JDBC):** A billing system with UI made of JAVA development kit (JDK) integrating database functionality with Java database connectivity (JDBC). Where user just need to scan product QR code and the system effortlessly generates a detailed invoice.
- **DocQ.. All format summarizer (using python/ML/Flask):** DocQ is a powerful web app that uses AI to extract intel from images, PDFs, and videos. It's a helpful tool for quickly getting information from multimedia content.
- **MACHINE LEARNING PROJECTS:** IRIS CLASSIFICATION, HEART DISEASE PREDICTION, CAR PRICES PREDICTION, TITANIC SURVIVAL PREDICTION, HOUSE PRICE PREDICTION. Implementing this project helped to leverage my skills and hands on experience over **Machine Learning Algorithms**.
- **COMMENT DATA ANALYSIS (using python/web scrapping):** The project that employs the Beautiful Soup 4 module for web scraping to extract comments from a specified YouTube link. Leveraging data analytics techniques, the project focuses on sentiment analysis to classify these comments, providing valuable insights into user opinions and emotions associated with the content on YouTube.
- **PYTHON BASED VOICE ASSISTANT (using python/APIs):** An assistant powered by Python and APIs like Google's Speech API and also integrating OpenAI API for its advanced capabilities to deliver intelligent responses and perform tasks.
- **PLACEMENT DATA ANALYTICS AND PREDICTION (using python/ML/Flask):** My project, "Placement Data Analytics and Prediction," leverages Python, machine learning algorithms, and Flask to predict placement outcomes. Its user interface is crafted with Flask for intuitive interaction and insights into placement status.
- **RECIPE RECOMMENDATION SYSTEM (using python/ML/Flask):** which will be used to recommend varieties of dishes recipe which could be made using available resource (ingredients) with users. This endeavour will deepen my understanding of recommendation systems, user preferences, and the practical aspects of deploying machine learning solutions for real-world applications.
- **CURRENTLY WORKING ON… Autonomous Navigation Drone** which navigates its way towards provided destination through obstacles by avoiding them using **OpenCV.**

EDUCATION

- SSC completion at A.E.S HIGH SCHOOL (2014 – 2019)
- HSC completion at Elphinstone College (2019 – 2021)
- Pursuing B.E in AI and Data Science Field at Terna Engineering College (2021 – 2025)

CERTIFICATIONS

- **Python Programming**
- **Power BI for Beginners**

ACHIEVEMENTS

- **PARTICIPATED IN EYRC2023:** Since July 2023, I have successfully completed stage 1 of the IITB Eyantra Robotics Competition 2023, acquiring valuable project management and team leadership experience. These tasks helped to leverage my skills over data preprocessing and building neural networks.

- **Organized an Inter-college Hackathon in 2024:** As the Event Execution Head for the TEC College-level Technical Committee, AVALON led the team to organize the annual technical event.

- **Volunteered a State Level Project Competition DIPEX 2024:** Being in the program team for DIPEX 2024, helped the onstage and offstage tasks to organize a fluent event.

DECLARATION

I hereby declare that all the information mentioned in my resume is true and correct to my knowledge and I take full responsibility for the accuracy of the particulars mentioned.

- VEDANT S. ADULKAR
